## Employment Online Learning Community: Federal Contractor Hiring Initiatives

November 17, 2020  
2:00 pm – 3:00 pm

When providing employment services to individuals with disabilities, many are unfamiliar with hiring initiatives through the federal government. There are opportunities for individuals with disabilities to become employed by private businesses who do contract work with the federal government. This month's topic will focus on **Section 503 requirements for federal contractors** and implications for job seekers with disabilities.. Attendees will be provided with eligibility criteria, resources, and strategies to assist in this process.

Registration is required. Please register [here](#).

Employment First Missouri, a collaborative between the Division of Developmental Disabilities and the Institute for Community Inclusion at University of Massachusetts-Boston, offers monthly professional development opportunities
